

**Three UFOs Recorded over Sonora, Mexico  
by Ana Luisa Cid**

UFO evidence secured by Adrián Moctezuma and his son (also named Adrián) on December 31, 2005 in the town of San Luis Colorado in the Mexican state of Sonora.

Upon using the electronic closeup command on the video, it can be seen that the objects lack strobe lights (common to aircraft) and that three separate elements-- engaging in maneuvers in the sky-- are actually involved.
