

Chance UFO in Paraguay

A photograph taken by the ENIGMAS production group during their visit to Amambay (Paraguay) in the month of May 2006. Photo taken by Alejandro Román.

The image was sent to me by Ricardo Gonzalez, researcher and director of the Legado Cosmico website. Personally, I find a certain similarity between the image in question and another recorded in Chihuahua, México.

Many thanks to Ricardo González for this valuable material as well as for participation in the "ENIGMAS" television program (Ch. 13, Asuncion, Paraguay) to make Mexican UFO case histories known to a wider audience.

Sincerely,
Prof. Ana Luisa Cid
